THE ADMINISTRATIVE BOARD OF THE AGENCY FOR THE COOPERATION OF
ENERGY REGULATORS,

HAVING REGARD to Regulation (EC) No 713/2009 of the European Parliament and of the Council of 13 July 2009 establishing a European Agency for the Cooperation of Energy Regulators (hereafter referred to as the "ACER Regulation" and "Agency"), thereof,

HAVING REGARD to Commission Regulation (EC, Euratom) No 1605/2002 of 25 June 2002 on the Financial Regulation applicable to the general budget of the European Union and in particular, Article 185(1) thereof,

HAVING REGARD to the Commission regulation (EC, Euratom) No 2343/2002 of 19 November 2002 on the framework Financial Regulation for the bodies referred to in Article 185 of Council Regulation (EC, Euratom) No 1605/2002 on the Financial Regulation applicable to the general budget of the European Union; amended by Commission Regulation (EC, Euratom) No 652/2008 of 9 July 2008, thereof,

HAVING REGARD to the opinion of the European Commission¹,

Whereas:

- 1) The Agency for the Cooperation of Energy Regulators, has legal personality and hence its own budget covered by specific financial rules,
- 2) Like the framework Financial Regulation, this Financial Regulation of the Agency for the Cooperation of Energy Regulators confines itself to stating the broad principles and basic rules governing the whole of the budgetary sector concerned, while detailed provisions may subsequently be adopted by the Agency in order to make their financial rules easier to read.
- 3) For the purpose of establishing and implementing the budget, the four fundamental principles of budgetary law (unity, universality, specification, annuality), and the principles of equilibrium, unit of account, sound financial management and transparency must be reasserted.
- 4) It is necessary to define the powers and responsibilities of the accounting officer, the internal auditor and authorising officers. The last mentioned are fully responsible for all revenue and expenditure operations executed under their authority and must be held accountable for their actions, including, where necessary, through disciplinary proceedings.
- 5) Like the institutions, the Agency must not be allowed to raise loans, in accordance with Article 14 of the general Financial Regulation.

¹ If necessary

- 6) The timetable for establishing the budget, presenting the accounts and granting discharge must be aligned on the equivalent provisions of the general Financial Regulation, and the authority responsible for granting the Agency discharge will be the same as for the general budget (Article 185(2) of the general Financial Regulation).
- 7) The accounting rules applied by the Agency must allow for consolidation with the accounts of the institutions, and to this end they must be adopted by the Commission's accounting officer in accordance with Article 133 of the new general Financial Regulation.
- 8) In accordance with Article 46 of the general Financial Regulation, the establishment plan must now be submitted to the budgetary authority for approval.
- 9) The Agency could have access to the panel referred to in Article 66(4) of the general Financial Regulation set up by the Commission to examine irregularities so that a similar assessment can be made of identical cases.
- 10) Since the Agency receives a grant charged to the European Union budget, the Agency must strictly observe the same requirements as the institutions in the award of public contracts and grants, insofar as such contracts and grants are authorised by the instrument setting up those bodies; in this respect a reference to the relevant provisions of the general Financial Regulation will suffice.
- 11) Like the institutions, the Agency may, for the performance of the tasks entrusted to it, employ external private-sector bodies only where necessary and not for tasks involving any public service mission or any use of discretionary powers of judgement, in order to guarantee that the Agency is accountable for the implementation of its budget and adheres to the objectives assigned to it on its creation.
- 12) In support of its requests for payment of the European Union subsidy, the Agency must submit a cash-flow forecast, and the funds paid by the European Union in respect of that subsidy must bear interest for the benefit of the European Union.
- 13) There must be specific provisions organising the collection of fees and charges, which are one of the resources of the Agency.
- 14) In view of the statutory requirements arising from the instrument setting up the Agency, the procedure for presenting the accounts should be adapted and provision made for the Administrative Board to give its opinion on the accounts.
- 15) The new budget structure adopted in the general financial regulation must also be used by the Agency insofar as this is justified by the nature of its activities.
- 16) The only provisions of the general Financial Regulation that must be included in this Regulation are those which are relevant to the Agency. In particular this Regulation must therefore not include the provisions relating to areas of activity that have no connection with the Agency, the various methods of implementation embodying the concept of externalisation and the information on the budget to be sent to the European Parliament and the Council. Additionally, only some of the categories of assigned revenue in the general Financial Regulation should be taken into consideration and, finally, the procedure for transfers of appropriations and establishment of the budget must be less detailed and less complex.

HAS ADOPTED THIS REGULATION:

TITLE I

TITLE II

BUDGETARY PRINCIPLES

Article 3

The establishment and implementation of the ACER budget (hereinafter referred to as 'the budget') shall comply with the principles of unity and budgetary accuracy, annuality, equilibrium, unit of account, universality, specification and sound financial management, which requires effective and efficient internal control, and transparency as provided for in this Regulation.

CHAPTER 1 – Principles of unity and budget accuracy

Article 4

The budget is the instrument which, for each financial year, forecasts and authorises the revenue and expenditure considered necessary for ACER.

Article 5

The budget shall comprise:

- (a) a subsidy granted by the European Union;
- (b) fees paid to the Agency pursuant to Article 22 of the ACER Regulation;
- (c) voluntary contributions from the Member States or from the regulatory authorities, under Article 13(8) of the ACER Regulation;
- (d) legacies, donations or grants under Article 13(8) of the ACER Regulation;
- (e) the expenditure of ACER covering staff, administrative, infrastructure, and operational expenses.
- (f) revenue assigned to specific items of expenditure in accordance with Article 19(1);

Article 6

1. No revenue shall be collected and no expenditure effected unless booked to a line in the budget.

³ OJ L 357, 31.12.2002, p.1

2. An appropriation shall not be entered in the budget if it is not for an item of expenditure considered necessary.
3. No expenditure may be committed or authorised in excess of the appropriations authorised by the budget.

CHAPTER 2 – Principle of annuality

Article 7

The appropriations entered in the budget shall be authorised for one financial year which shall run from 1 January to 31 December.

Article 8

1. The budget shall contain non-differentiated appropriations and, where justified by operational needs, differentiated appropriations. The latter shall consist of commitment appropriations and payment appropriations.
2. Commitment appropriations shall cover the total cost of the legal commitments entered into during the current financial year.
3. Payment appropriations shall cover payments made to honour the legal commitments entered into in the current financial year and/or earlier financial years.
4. Administrative appropriations shall be non-differentiated. Administrative expenditure arising from contracts covering periods that extend beyond the financial year, either in accordance with local practice or relating to the supply of equipment, shall be charged to the budget of the financial year in which it is effected.

Article 9

1. The revenue of the Agency referred to in Article 5 shall be entered in the accounts for the financial year on the basis of the amounts collected during the financial year.
2. The revenue of the Agency shall give rise to an equivalent amount of payment appropriations.
3. The appropriations authorised in the budget for a given year may be used solely to cover expenditure committed and paid in that financial year, and to cover amounts due against commitments from preceding financial years.
4. Commitments shall be entered in the accounts on the basis of the legal commitments entered into up to 31 December.
5. Payments shall be entered in the accounts for a financial year on the basis of the payments effected by the accounting officer by 31 December of that year at the latest.

Article 10

1. Appropriations which have not been used at the end of the financial year for which they were entered shall be cancelled. However, they may, by decision of the Administrative Board taken not later than 15 February, be carried over to the next financial year only, in accordance with paragraphs 2 to 7.
2. Appropriations relating to staff expenditure may not be carried over.

3. Commitment appropriations and non-differentiated appropriations not yet committed at the close of the financial year may be carried over in respect of amounts corresponding to commitment appropriations for which most of the preparatory stages of the commitment procedure, as defined in the rules implementing this financial regulation, have been completed by 31 December; these amounts may then be committed up to 31 March of the following year.
4. Payment appropriations may be carried over in respect of amounts needed to cover existing commitments or commitments linked to commitment appropriations carried over, when the appropriations provided for the relevant lines in the budget for the following financial year do not cover requirements. ACER shall first use the appropriations authorised for the current financial year and shall not use the appropriations carried over until the former are exhausted.
5. Non-differentiated appropriations corresponding to obligations duly contracted at the close of the financial year shall be carried over automatically to the following financial year only.
6. Appropriations carried over which have not been committed by 31 March of the year N+1 shall be automatically cancelled. Appropriations carried over in this way shall be identified in the accounts.
7. The appropriations available at 31 December arising from the assigned revenue referred to in Article 19 shall be carried over automatically. By 1 June of the year N+1 at the latest, ACER shall inform the Commission about the implementation of the assigned revenue carried over.

The appropriations available corresponding to assigned revenue carried over must be first used.

Article 11

Where amounts are decommitted, as a result of total or partial non-implementation of the actions for which they were earmarked, in any financial year after that in which the appropriation were committed, the appropriations concerned shall be cancelled.

Article 12

The appropriations entered in the budget may be committed with effect from 1 January, once the budget has become definitive.

Article 13

1. As from 15 November of each year, routine administrative expenditure may be committed in advance against the appropriations provided for the following financial year. Such commitments may not, however, exceed one quarter of the appropriations decided by the Administrative Board on the corresponding budget line for the current financial year. They may not apply to new expenditure of a kind not yet approved in principle in the last budget duly adopted.
2. Expenditure which must be paid in advance, for example rents, may give rise to payments from 1 December onwards to be charged to the appropriations for the following financial year. In this case, the limit referred to in paragraph 1 shall not apply.

Article 14

1. If the budget has not been finally adopted at the beginning of the financial year, the following rules shall apply to commitment and payment of expenditure which it has been possible to book to a specific line in the budget as part of implementation of the last budget duly adopted.

2. Commitments may be made per chapter up to a maximum of one quarter of the total appropriations authorised in the chapter in question for the previous financial year, plus one twelfth for each month which has elapsed.

Payments may be made monthly per chapter up to a maximum of one twelfth of the appropriations authorised in the chapter in question for the previous financial year.

The limit of the appropriations provided for in the statement of estimates of revenue and expenditure may not be exceeded.

3. At the request of the Director, if the continuity of action by ACER and management needs so require, the Administrative Board may simultaneously authorise two or more provisional twelfths for both commitments and payments over and above those automatically made available by the provisions of paragraphs 1 and 2.

The additional twelfths shall be authorised in full and shall not be divisible.

CHAPTER 3 – Principle of equilibrium

Article 15

1. The budget revenue and payment appropriations must be in balance.
2. Commitment appropriations may not exceed the amount of the European Union subsidy, plus own revenue and any other revenue referred to in Article 5.
3. ACER may not raise loans.
4. European Union funds paid to the ACER shall constitute for its budget a balancing subsidy which shall count as pre-financing within the meaning of Article 81(1)(b)(i) of the general Financial Regulation.
5. ACER shall implement rigorous cash management, taking due account of assigned revenue, in order to ensure that its cash balances are limited to duly justified requirements. With its payment requests, it shall submit detailed and updated forecasts on its real cash requirements throughout the year, including information on assigned revenue.

Article 16

1. If the balance of the outturn account within the meaning of Article 81 is positive, it shall be repaid to the Commission up to the amount of the European Union subsidy paid during the year. The part of the balance exceeding the amount of the European Union subsidy paid during the year shall be entered in the budget for the following year as revenue.

ACER shall provide, by 31 March of the year N at the latest, an estimate of the operating surplus from the year N-1, which is to be returned to the European Union budget in year N, in order to complete the information already available concerning the surplus of the year N-2. This information shall be duly taken into account by the Commission when assessing the financial needs of ACER in year N+1;

The difference between the European Union subsidy entered in the general budget and that actually paid to ACER shall be cancelled.

2. If the balance of the outturn account provided for in Article 81 is negative, it shall be entered in the budget for the following financial year.

3. The revenue or payment appropriation shall be entered in the budget during the budgetary procedure using the letter of amendment procedure or, while the budget implementation is under way, by means of an amending budget.

CHAPTER 4 – Principle of unity of account

Article 17

The budget shall be drawn up and implemented in euro and the accounts shall be presented in euro.

However, for cash-flow purposes, the accounting officer and, in case of imprest accounts, imprest administrators shall be authorised to carry out operations in national currencies as laid down in the financial rules of ACER.

CHAPTER 5 – Principle of universality

Article 18

Total revenue shall cover total payment appropriations, subject to Article 19. All revenue and expenditure shall be entered in full without any adjustments against each other, subject to Article 21.

Article 19

1. The following items of revenue shall be used to finance specific items of expenditure:

- (a) revenue earmarked for a specific purpose, such as income from legacies, donations or grants as per Article 13(8) of the ACER Regulation;
- (b) contributions to the Agency's activities from Member States, non-member countries or miscellaneous bodies, insofar as this is provided for in the agreement concluded between the Agency and the Member States, non-member countries or bodies in question;
- (c) revenue from third parties in respect of goods, services or work supplied at their request, with the exception of fees and charges referred to in Article 5(b);
- (d) proceeds from the supply of goods, services and works for European Institutions or other European bodies;
- (e) revenue arising from the repayment of amounts wrongly paid;
- (f) proceeds from the sale of vehicles, equipment, installations, materials, and scientific and technical apparatus which are being replaced or scrapped when the book value is fully depreciated;
- (g) insurance payments received;
- (h) revenue and payments connected with lettings;
- (i) revenue from the sale of publications and films, including those on an electronic medium.

The ACER Regulation may also assign the revenue for which it provides to specific items of expenditure.

2. All items of revenue within the meaning of point (a) to (d) of paragraph 1 shall cover all direct or indirect expenditure incurred by the activity or purpose in question.

3. The budget shall carry lines to accommodate the categories of assigned revenue referred to in paragraph 1 and wherever possible shall indicate the amount.

Article 20

1. The Administrative Board may accept any donation made to the Agency, such as legacies, donations or grants, as provided by Art.13(8) of ACER Regulation.
2. Acceptance of donations which may involve some financial charge shall be subject to the authorisation of the Administrative Board, which shall take a decision within two months of the date on which the request is submitted to it. If the Administrative Board fails to take a decision within that period, the donation shall be deemed accepted.

Article 21

1. The following deductions may be made from payment requests, invoices or statements which shall then be passed for payment of the net amount:
 - (a) penalties imposed on parties to procurement contracts or beneficiaries of a grant;
 - (b) discounts, refunds and rebates on individual invoices and payment requests;
 - (c) interest generated by pre-financing payments.
2. The cost of products or services provided to the Agency shall be charged to the budget for the full ex-tax amount, where they incorporate taxes refunded:
 - (a) either by the Member States pursuant to the Protocol on the Privileges and Immunities of the European Union, provided that it applies to ACER;
 - (b) or by a Member State or non-member country on the basis of other relevant agreements.

Any national taxes temporarily borne by ACER under the first subparagraph shall be entered in a suspense account until they are refunded by the State concerned.

3. Any negative balance shall be entered in the budget as expenditure.
4. Adjustments may be made in respect of exchange differences occurring in the implementation of the budget. The final gain or loss shall be included in the balance for the year.

CHAPTER 6 – Principle of specification

Article 22

The appropriations in their entirety shall be earmarked for specific purposes by title and chapter; the chapters shall be further subdivided into articles and items.

Article 23

1. The Director may make transfers from one chapter to the other and from one article to another without limit and from one title to another up to a maximum of 10% of the appropriations for the financial year shown on the line from which the transfer is made.
2. Beyond the limit referred to in the first paragraph, the Director may propose to the Administrative Board transfers of appropriations from one title to another. If necessary a written procedure for approval may be employed. The Administrative Board shall have three weeks in which to oppose such transfers. After this time-limit they shall be deemed to be adopted.

3. Proposal for transfers and transfers carried out under paragraphs 1 and 2 shall be accompanied by appropriate and detailed supporting documents showing the implementation of appropriations and estimates of requirements up to the end of the financial year, both for the headings to be credited and for those from which the appropriations are drawn.
4. The Director shall inform the Administrative Board as soon as possible of all transfers made. He shall inform the budgetary authority of all transfers carried out under paragraph 2.

Article 24

1. Appropriations may be transferred only to budget lines for which the budget has authorised appropriations or carries a token entry (p.m.).
2. Appropriations corresponding to assigned revenue may be transferred only if they are used for the purpose to which the revenue is assigned.

CHAPTER 7 – Principle of sound financial management

Article 25

1. Budget appropriations shall be used in accordance with the principle of sound financial management, that is to say, in accordance with the principles of economy, efficiency and effectiveness.
2. The principle of economy requires that the resources used by ACER for the pursuit of its activities shall be made available in due time, in appropriate quantity and quality and at the best price.

The principle of efficiency is concerned with the best relationship between resources employed and results achieved.

The principle of effectiveness is concerned with attaining the specific objectives set and achieving the intended results.

3. Specific, measurable, achievable, relevant and timed objectives shall be set for all sectors of activity covered by the budget.

Achievement of those objectives shall be monitored by performance indicators for each activity and information shall be provided to the Administrative Board by the Director. This information shall be provided annually at the latest in the documents accompanying the preliminary draft budget.

4. In order to improve decision-making, the Agency shall regularly carry out ex-ante and ex-post evaluations of programmes or activities. Such evaluations shall be applied to all programmes and activities which entail significant spending and evaluation results shall be sent to the Administrative Board.

Article 25a

1. The budget shall be implemented in compliance with effective and efficient internal control.
2. For the purpose of the implementation of the budget, internal control is defined as a process applicable at all levels of the management and designed to provide reasonable assurance of achieving the following objectives:
 - (a) effectiveness, efficiency and economy of operations;
 - (b) reliability of reporting;

- (c) safeguarding of assets and information;
- (d) prevention and detection of fraud and irregularities;
- (e) adequate management of the risks relating to the legality and regularity of the underlying transactions, taking into account the multiannual character of programmes as well as the nature of the payments concerned.

CHAPTER 8 – Principle of transparency

Article 26

1. The budget shall be drawn up and implemented and the accounts presented in compliance with the principle of transparency.
2. A summary of the budget and amending budgets, as finally adopted, shall be published in the *Official Journal of the European Union* within three months of their adoption.

The summary shall show the five main revenue budget lines, the five main expenditure budget lines for the administrative and operational budget, the establishment plan and an estimate of the number of contract staff expressed in full-time equivalents for which appropriations are budgeted, and seconded national experts. It shall also indicate the figures for the previous year.

3. The budget including the establishment plan and amending budgets, as finally adopted, as well as an indication of the number of contract staff expressed in full time equivalents for which appropriations are budgeted, and seconded national experts, shall be transmitted for information to the budgetary authority, the Court of Auditors and the Commission, and shall be published on the Internet site of ACER within four weeks of their adoption.
4. ACER shall make available on its Internet site information on the beneficiaries of funds deriving from its budget, including experts contracted pursuant to Article 74b. The published information shall be easily accessible, transparent and comprehensive. The information shall be made available with due observance of the requirements of confidentiality and security, in particular the protection of personal data laid down in Regulation (EC) No 45/2001 of the European Parliament and of the Council⁴.

Where information is published only in anonymous form, ACER shall, upon request, provide information on the beneficiaries concerned to the European Parliament and the Council in an appropriate manner.

TITLE III

ESTABLISHMENT AND STRUCTURE OF THE BUDGET

CHAPTER 1 – Establishment of the budget

Article 27

1. The budget shall be established in accordance with the provisions of the ACER Regulation.

⁴ OJ L 8, 12.1.2001, p. 1.

2. ACER shall send the Commission a provisional draft estimate of its revenue and expenditure and the general guidelines underlying that estimate by 10 February each year and the final draft estimate by the date specified in the constituent instrument.
3. The estimate of revenue and expenditure of ACER shall include:
 - (a) an establishment plan setting the number of permanent and temporary posts, contract agents and seconded national experts, authorised within the limits of the budget appropriations, by grade and by category;
 - (b) where there is a change in the number of persons in post, a statement justifying the request for the new posts;
 - (c) a quarterly estimate of cash payments and receipts;
 - (d) information on the achievement of all previously set objectives for the various activities as well as new objectives measured by indicators.

Evaluation results shall be consulted and referred to as evidence of the likely merits of an increase or decrease of ACER's proposed budget in comparison with its budget for year N.

4. ACER shall send to the Commission and the budgetary authority by 31 March each year at the latest the following:
 - (a) its draft work programme;
 - (b) its updated multi-annual staff policy plan, established in line with the guidelines set by the Commission;
 - (c) information on the number of permanent and temporary posts, contract staff and seconded national experts, as defined in the Staff Regulations and the Conditions of Employment of Other Servants (hereinafter 'the Staff Regulations') for the years N-1 as well as an estimate for the year N+1;
 - (d) information on contributions in kind granted by the host Member State to the Agency;
 - (e) an estimate of the balance of the outturn account within the meaning of Article 81 for the year N-1.
5. As part of the procedure for adoption of the general budget of the European Union, the Commission shall send ACER's statement of estimates to the budgetary authority and propose the amount of the subsidy for ACER and the number of staff it considers that ACER needs. The Commission shall provide the draft establishment plan of ACER and for an estimate of the number of contract staff expressed in full-time equivalents for which appropriations are proposed.
6. The budgetary authority shall adopt the establishment plan of ACER and any subsequent amendment thereto in accordance with Article 32(1). The establishment plan shall be published in an Annex to Section III – Commission – of the general budget of the European Union.
7. The budget and the establishment plan shall be adopted by the Administrative Board. They become definitive after final adoption of the general budget of the European

Union, setting the amount of the subsidy and the establishment plan and if necessary the budget and the establishment plan shall be adjusted accordingly.

Article 28

Any amendment to the budget, including the establishment plan, shall be the subject of an amending budget adopted by the same procedure as the initial budget, in accordance with the provisions of the ACER Regulation and Article 27.

CHAPTER 2 – Structure and presentation of the budget

Article 29

The budget shall comprise a statement of revenue and a statement of expenditure.

Article 30

In so far as it is justified by the nature of ACER's activities, the statement of expenditure must be set out on the basis of a nomenclature with a classification by purpose. The nomenclature shall be determined by the Agency and shall make a clear distinction between administrative appropriations and operating appropriations.

Article 31

The budget shall show:

1. In the statement of revenue:
 - (a) the estimated revenue of the ACER for the financial year in question;
 - (b) the estimated revenue for the preceding financial year and the revenue for year n-2;
 - (c) appropriate remarks on each revenue line.
2. In the statement of expenditure:
 - (a) the commitment and payment appropriations for the financial year in question;
 - (b) the commitment and payment appropriations for the preceding financial year, and the expenditure committed and the expenditure paid in year n-2;
 - (c) a summary statement of the schedule of payments due in subsequent financial years to meet budget commitments entered into in earlier financial years;
 - (d) appropriate remarks on each subdivision.

Article 32

1. The establishment plan referred to in Article 27 shall show next to the number of posts authorised for the financial year, the number authorised for the preceding year and the number of posts actually filled.

It shall constitute an absolute limit for the ACER; no appointment may be made in excess of the limit set.

However, except for grades AD16, AD15, AD14 and AD13, the Administrative Board may modify the establishment plan by up to 10% of posts authorised, subject to two conditions:

- (a) that the volume of staff appropriations corresponding to a full financial year is not affected;
 - (b) that the limit of the total number of posts authorised by the establishment plan is not exceeded.
2. By way of derogation from the second subparagraph of paragraph 1, the effects of part-time work authorised by the appointing authority in accordance with the Staff Regulations may be offset by other appointments. Where a staff member requests the withdrawal of the authorisation before expiry of the granted period, ACER shall take appropriate measures to respect the limit referred to in paragraph 1 point (b), as soon as possible.

TITLE IV

IMPLEMENTATION OF THE BUDGET

CHAPTER 1 – General provisions

Article 33

The Director shall perform the duties of authorising officer. He/she shall implement the revenue and expenditure of the budget in accordance with the financial rules of ACER, on his/her own responsibility and within the limits of the appropriations authorised.

Without prejudice to the responsibilities of the authorising officer as regards prevention and detection of fraud and irregularities, ACER shall participate in fraud prevention activities of the European Anti-fraud Office.

Article 34

1. The Director may delegate his/her powers of budget implementation to staff of ACER covered by the Staff Regulations, in accordance with the conditions laid down by the financial rules, within the meaning of Article 185 of the general Financial Regulation, adopted by the Administrative Board. Those so empowered may act only within the limits of powers expressly conferred upon them.
2. The delegatee may subdelegate the powers received as provided for in the rules for implementing this Regulation referred to in Article 99. Each act of subdelegation shall require the explicit agreement of the Director.

Article 35

1. All financial actors within the meaning of Chapter 2 of this Title and any other person involved in budget implementation, management, audit or control shall be prohibited from taking any measures which may bring their own interests into conflict with those of ACER. Should such a case arise, the person in question must refrain from such measures and refer the matter to the competent authority.
2. There is a conflict of interest where the impartial and objective exercise of the functions of a person referred to in paragraph 1 is compromised for reasons involving family, emotional life, political or national affinity, economic interest or any other shared interest with the beneficiary.
3. The competent authority referred to in paragraph 1 shall be the immediate superior of the member of staff concerned. If the member of staff is the Director, the competent authority shall be the Administrative Board.

Article 36

1. ACER's budget shall be implemented by the Director.
2. Technical expertise tasks and administrative, preparatory or ancillary tasks involving neither the exercise of public authority nor the use of discretionary powers of judgment may be entrusted by contract to external private-sector entities or bodies, where this proves to be indispensable.

CHAPTER 2 – Financial actors

Section 1 – Principle of segregation of duties

Article 37

The duties of the authorising officer and accounting officer shall be segregated and mutually incompatible.

Section 2 – Authorising officer

Article 38

1. The authorising officer shall be responsible for implementing revenue and expenditure in accordance with the principles of sound financial management and for ensuring that the requirements of legality and regularity are complied with.
2. To implement expenditure, the authorising officer shall make budget commitments and legal commitments, shall validate expenditure and authorise payments and shall undertake the preliminaries for the implementation of appropriations.
3. Implementation of revenue shall comprise drawing up estimates of amounts receivable, establishing entitlements to be recovered and issuing recovery orders. It shall involve waiving established entitlements where appropriate.

4. The authorising officer shall put in place, in compliance with the minimum standards adopted by the Administrative Board on the basis of equivalent standards laid down by the European Commission for its own departments, and having due regard to the risks associated with the management environment and the nature of the action financed, the organisational structure and the internal management and control systems and procedures suited to the performance of his/her duties, including where appropriate ex post verifications.

The authorising officer shall establish within his/her departments an expertise and advice function designed to help him/her control the risks involved in his/her activities.

5. Before an operation is authorised, the operational and financial aspects shall be verified by members of staff other than the one who initiated the operation. Initiation and the ex-ante and ex-post verification of an operation shall be separate functions.
6. The authorising officer shall conserve the supporting documents relating to operations carried out for a period of five years from the date of the decision granting discharge in respect of implementation of the budget. Personal data contained in supporting documents shall be deleted where possible when those data are not necessary for budgetary discharge, control and audit purposes. In any event, as concerns the conservation of traffic data, Article 37(2) of Regulation (EC) No 45/2001 shall apply.

Article 39

1. Initiation of an operation as referred to in Article 38(5) shall be understood to mean all the operations which are preparatory to the adoption of the acts implementing the budget by the authorising officers responsible referred to in Articles 33 and 34.
2. Ex-ante verification of an operation as referred to in Article 38(5) shall be understood to mean all the ex-ante checks put in place by the authorising officer responsible in order to verify the operational and financial aspects.
3. Each operation shall be subject to at least one ex-ante verification. The purpose of this verification shall be to ascertain that:
 - (a) the expenditure is in order and conforms to the relevant provisions;
 - (b) the principle of sound financial management referred to in Article 25 has been applied.

For the purpose of ex-ante verification, a series of similar individual transactions relating to routine expenditure on salaries, pensions, reimbursement of mission expenses and medical expenses may be considered by the authorising officer responsible to constitute a single operation.

In the case referred to in the second subparagraph, the authorising officer responsible shall, depending on his risk assessment, carry out an appropriate ex-post verification, in accordance with paragraph 4.

4. The purpose of ex-post verifications of documents and, where appropriate, on-the-spot verifications shall be to verify that operations financed by the budget have been correctly implemented and in particular that the criteria referred to in paragraph 3 have

been complied with. These verifications may be organised on a sample basis using risk analysis.

5. The officials or other staff responsible for the verifications referred to in paragraph 2 and 4 shall be different from those performing the tasks referred to in paragraph 1 and shall not be their subordinates.
6. All staff responsible for scrutinising the management of financial operations must have the necessary professional skills. They shall respect a specific code of professional standards adopted by ACER and based on standards laid down by the Commission for its own departments.

Article 40

1. The authorising officer shall report to the Administrative Board on the performance of his duties in the form of an annual activity report, together with financial and management information confirming that the information contained in the report presents a true and fair view except as otherwise specified in any reservations related to defined areas of revenue and expenditure.

The annual activity report shall indicate the results of his operations by reference to the objectives set, the risks associated with these operations, the use made of the resources provided and the efficiency and effectiveness of the internal control system. The internal auditor within the meaning of Article 71 shall take note of the annual activity report and any other pieces of information identified.

2. By no later than 15 June each year, the Administrative Board shall send the budgetary authority and the Court of Auditors an analysis and an assessment of the authorising officer's annual report on the previous financial year. This analysis and assessment shall be included in the annual report of the Community body, in accordance with the provisions of the constituent instrument.

Article 41

Any member of staff involved in the financial management and control of transactions who considers that a decision he/she is required by his/her superior to apply or to agree to is irregular or contrary to the principles of sound financial management or the professional rules he/she is required to observe shall inform the Director in writing and, if the latter fails to take action within a reasonable period, the panel referred to in Article 47(4) and the Administrative Board. In the event of any illegal activity, fraud or corruption which may harm the interests of the Community, he/she shall inform the authorities and bodies designated by the applicable legislation.

Article 42

Where powers of budget implementation are delegated or subdelegated in accordance with Article 34, Article 38(1), (2) and (3) shall apply *mutatis mutandis* to the authorising officers by delegation or subdelegation.

Section 3 – Accounting officer

 - (f) treasury management.
2. The accounting officer shall obtain from the authorising officer, who shall guarantee its reliability, all the information necessary for the production of accounts which give a true image of the ACER's assets and of budget implementation.
 - 2a Before the adoption of the accounts by the Director, the accounting officer shall sign them off, thereby certifying that he/she has a reasonable assurance that the accounts present a true and fair view of the financial situation of ACER.

For that purpose the accounting officer shall satisfy himself/herself that the accounts have been prepared in accordance with the accounting rules, methods and accounting systems established, and that all revenue and expenditure is entered in the accounts.

The authorising officer shall forward all information that the accounting officer needs in order to fulfil his/her duties.

The authorising officer shall remain fully responsible for the proper use of the funds he/she manages as well as the legality and regularity of the expenditure under his/her control.
 - 2b The accounting officer shall be empowered to check the information received as well as to carry out any further checks he/she deems necessary in order to sign off the accounts.

The accounting officer shall make reservations, if necessary, explaining exactly the nature and scope of such reservations.

- 2c The accounting officer of ACER shall sign off its annual accounts and send them to the Commission's accounting officer.
3. Subject to paragraph 4 of this Article and Article 44, only the accounting officer shall be empowered to manage cash and cash equivalents. He/she shall be responsible for their safekeeping.
 4. The accounting officer may, in the performance of his/her duties, delegate certain tasks to subordinate staff subject to the Staff Regulations, where this is indispensable for the performance of his/her duties.
 5. The instrument of delegation shall lay down the tasks entrusted to the delegates and their rights and obligations.

Section 4 – Imprest administrator

Article 44

Where it proves indispensable for the payment of small sums and for the collection of other revenue referred to in Article 5, imprest accounts may be set up which shall be endowed by the accounting officer and shall be placed under the responsibility of imprest administrators designated by him/her.

The maximum amount of each item of expenditure or revenue that can be paid by the imprest administrator to third parties may not exceed the amount determined in the implementing rules referred to in Article 98, for each item of expenditure or revenue.

Payments from imprest accounts may be made by bank credit transfer, including the direct debit system referred to in Article 66(1), cheque or other means of payment, in accordance with the instructions laid down by the accounting officer.

CHAPTER 3 – Liability of the financial actors

Section 1 – General rules

Article 45

1. Without prejudice to any disciplinary action, authorising officers by delegation and subdelegation may at any time have their delegation or subdelegation withdrawn temporarily or definitively by the authority which appointed them.

The authorising officer may at any time withdraw his/her agreement to a specific subdelegation.

2. Without prejudice to any disciplinary action, the accounting officer may at any time be suspended temporarily or definitively from his/her duties by the Administrative Board. The Administrative Board shall appoint an interim accounting officer.
3. Without prejudice to any disciplinary action, imprest administrators may at any time be suspended temporarily or definitively from their duties by the accounting officer.

Article 46

1. The provisions of this chapter are without prejudice to the criminal-law liability which the authorising officer and the persons referred to in Article 45 may incur as provided in the applicable national law and in the provisions in force on the protection of the European Union's financial interests and on the fight against corruption involving officials of the European Union or officials of Member States.
2. Each authorising officer, accounting officer or imprest administrator shall be liable to disciplinary action and payment compensation as laid down in the Staff Regulations, without prejudice to Articles 47, 48 and 49. In the event of illegal activity, fraud or corruption which may harm the interests of the European Union, the matter will be referred to the authorities and bodies designated by the applicable legislation.

Section 2 – Rules applicable to the authorising officers and authorising officers by delegation or subdelegation

Article 47

1. The authorising officer shall be liable to payment of compensation as laid down in the Staff Regulations.

The obligation to pay compensation shall apply in particular if:

- (a) the authorising officer, whether intentionally or through gross negligence on his part, determines entitlements to be recovered or issues recovery orders, commits expenditure or signs a payment order without complying with this Regulation and its implementing rules;
 - (b) the authorising officer, whether intentionally or through gross negligence on his part, omits to draw up a document establishing an amount receivable, neglects to issue a recovery order or is late in issuing it, or is late in issuing a payment order, thereby rendering ACER liable to civil action by third parties.
2. An authorising officer by delegation or subdelegation who considers that a decision falling under his/her responsibility is irregular or contrary to the principles of sound financial management shall inform the delegating authority in writing. If the delegating authority then gives a reasoned instruction in writing to the authorising officer by delegation or subdelegation to implement the decision in question, the latter must implement it and may not be held liable.
 3. In the event of delegation, the authorising officer shall continue to be responsible for the efficiency and effectiveness of the internal management and control systems put in place and for the choice of the authorising officer by delegation.
 4. The specialised financial irregularities panel set up by the Commission in accordance with Article 66(4) of the general Financial Regulation, shall exercise the same powers in respect of ACER as it does in respect of Commission departments, unless the Administrative Board decides to set up a functionally independent panel, or to participate in a joint panel established by several European bodies. For cases submitted by European bodies, the specialised financial irregularities panel set up by the European Commission shall include one staff member of a European body.

On the basis of the opinion of this panel, the Director shall decide whether to initiate disciplinary proceedings or proceedings for the payment of compensation. If the panel detects systemic problems, it shall send a report with recommendations to the authorising officer and to the Commission's internal auditor. If the opinion implicates the Director, the panel shall send it to the Administrative Board and the Commission's internal auditor. The Director shall refer, in anonymous form, to opinions of the panel in his annual report and indicate the follow-up measures taken.

5. Any member of staff maybe required to compensate, in whole or in part, any damage suffered by the Agency as a result of serious misconduct on his part in the course of or in connection with the performance of his duties.

The appointing authority shall take a reasoned decision, after completing the formalities laid down by the Staff Regulations with regard to disciplinary matters.

Section 3 – Rules applicable to accounting officers and imprest administrators

Article 48

An accounting officer may be liable to disciplinary action and payment of compensation, as laid down in the Staff Regulations, in particular where:

- (a) he/she loses or damages monies, assets and documents in his/her keeping or causes them to be lost or damaged by his/her negligence;
- (b) he/she alters bank accounts or postal giro accounts without notifying the authorising officer in advance;
- (c) he/she recovers or pays amounts which are not in conformity with the corresponding recovery or payment orders;
- (d) he/she fails to collect revenue due.

Article 49

An imprest administrator officer may be liable to disciplinary action and payment of compensation, as laid down in the Staff Regulations, in particular where:

- (a) he/she loses or damages monies, assets and documents in his/her keeping or causes them to be lost or damaged by his/her negligence;
- (b) he/she cannot provide proper supporting documents for the payments he/she has made;
- (c) he/she makes payments to persons other than those entitled;
- (d) he/she fails to collect revenue due.

CHAPTER 4 – Revenue operations

Section 1 – General provisions

Article 50

ACER shall present to the European Commission requests for payment of all or part of the European Union subsidy pursuant to Article 15(5) under terms and at intervals agreed with the European Commission.

Article 51

The funds paid to ACER by the European Commission by way of a subsidy shall bear interest for the benefit of the general budget.

Section 2 – Estimate of amounts receivable

Article 52

An estimate of the amount receivable shall first be made by the authorising officer responsible in respect of any measure or situation which may give rise to or modify an amount owing to ACER.

Section 3 – Establishment of the amounts receivable

Article 53

1. Establishment of an amount receivable is the act by which the authorising officer or authorising officer by delegation:
 - (a) verifies that the debt exists;
 - (b) determines or verifies the reality and the amount of the debt;
 - (c) verifies the conditions in which the debt is due.
2. Any amount receivable that is identified as being certain, of a fixed amount and due must be established by a recovery order given to the accounting officer, accompanied by a debit note sent to the debtor. Both of these documents shall be drawn up and sent by the authorising officer responsible.
3. The contracts and grant agreements concluded by ACER shall provide that any debt not repaid on the due date laid down the debit note shall bear interest in accordance with Commission Regulation (EC, Euratom) No 2342/2002⁵. The condition whereby interest on late payment is due to ACER, including the rate for default interest, shall be explicitly referred to in the contracts and grant agreements.
4. In duly substantiated cases, certain routine revenue items may be established provisionally.

⁵ OJ L 357, 31.12.2002, p. 1.

Provisional establishment shall cover the recovery of several individual amounts which need not, therefore, be established individually.

Before the end of the financial year, the authorising officer shall amend the amounts established provisionally to ensure that they correspond to the amounts receivable actually established.

Section 4 – Authorisation of recovery

Article 54

The authorisation of recovery is the act whereby the authorising officer responsible instructs the accounting officer, by issuing a recovery order, to recover an amount receivable, which he/she has established.

Section 5 – Recovery

Article 55

1. Amounts wrongly paid shall be recovered.
2. The accounting officer shall act on recovery orders for amounts receivable duly established by the authorising officer or authorising officer responsible. He/she shall exercise due diligence to ensure that the ACER receives its revenue and shall see that its rights are safeguarded.
3. Where the authorising officer responsible is planning to waive or partially waive recovery of an established amount receivable, he/she shall ensure that the waiver is in order and complies with the principle of sound financial management and proportionality.

Such a waiver shall be made by a duly substantiated decision of the authorising officer. The authorising officer may delegate such a decision only for amounts receivable of less than EUR 5,000.

The waiver decision shall state what action has been taken to secure recovery and the points of law and the fact on which it is based.

4. The authorising officer responsible shall cancel an established amount receivable when the discovery of a mistake as to a point of law or fact reveals that the amount has not been correctly established. Such cancellation shall be by decision of the authorising officer responsible and shall be suitably substantiated.
5. The authorising officer responsible shall adjust the amount of an established debt upwards or downwards when the discovery of a factual error entails the alteration of the amount of the debt, provided that this correction does not involve the loss of the established entitlement of ACER. Such an adjustment shall be by decision of the authorising officer responsible and shall be suitably substantiated.

Article 56

1. Upon actual recovery of the sum due, the accounting officer shall make an entry in the accounts and shall inform the authorising officer responsible.

2. A receipt shall be issued in respect of all cash payments made to the accounting officer.

Article 57

1. If actual recovery has not taken place by the due date stipulated in the debit note, the accounting officer shall inform the authorising officer responsible and immediately launch the procedure of effecting recovery by any means offered by the law, including, where appropriate, by offsetting and, if this is not possible, by enforced recovery.
2. The accounting officer shall recover amounts by offsetting them against equivalent claims that ACER has on any debtor who himself or herself has a claim on ACER that is certain, of a fixed amount and due, provided that offsetting is legally possible.

Article 58

The accounting officer, in collaboration with the authorising officer responsible, may allow additional time for payment only at the written request of the debtor, with due indication of the reasons, provided that the following two conditions are met:

- (a) the debtor undertakes to pay interest at the rate specified in Article 86 of Regulation (EC, Euratom) No 2342/2002 for the entire additional period allowed, starting from the date set in the debit note;
- (b) in order to safeguard the rights of ACER, the debtor provides a financial guarantee covering both the principal sum and the interest.

Article 58a

The accounting officer shall keep a list of amounts due to be recovered, in which ACER's entitlements are grouped according to the date of issue of the recovery order. He/she shall also indicate decisions to waive or partially waive recovery of established amounts. The list should be added to ACER's report on budgetary and financial management.

ACER shall establish a list of the ACER's entitlements stating the names of the debtors and the amount of the debt, where the debtor has been ordered to pay by a Court decision that has the force of the res judicata and where no or no significant payment has been made for one year following its pronouncement. The list shall be published, taking account of the relevant legislation on data protection.

Article 58b

Entitlements of ACER in respect of third parties and entitlements of third parties in respect of ACER shall be subject to a limitation period of five years, which shall be laid down in the contracts and grant agreements concluded by ACER.

Section 6 – Specific provisions applicable to fees and charges

Article 59

Where ACER collects fees and charges referred to in Article 5(b), an overall provisional estimate of such fees and charges shall be made at the beginning of each financial year.

Where fees and charges are entirely determined by legislation or decisions of the Administrative Board, the authorising officer may abstain from issuing recovery orders and directly draw up debit notes after having established the amount receivable. In this case all details of ACER's entitlement shall be registered. The accounting officer shall keep a list of all debit notes and provide the number of the debit notes and the global amount in ACER's report on budgetary and financial management.

Where ACER uses a separate invoicing system, the accounting officer shall regularly, and at least on a monthly basis, enter the accumulated sum of fees and charges received into the accounts.

As a general rule ACER shall provide services by virtue of the tasks entrusted to it only after the corresponding fee or charge has been paid in its entirety. If by way of exception, a service has been provided without prior payment of the corresponding charge or fee, Section 3, 4 and 5 of this Chapter shall apply.

CHAPTER 5 – Expenditure operations

Article 60

1. Every item of expenditure shall be committed, validated, authorised and paid.
2. Every commitment of expenditure shall be preceded by a financing decision.
3. The work programme of ACER shall be equivalent to a financing decision for the activities it covers, provided that they are clearly identified and the underlying criteria are spelled out precisely. The work programme shall comprise detailed objectives and performance indicators.
4. Administrative appropriations may be implemented without a prior financing decision.

Section 1 – Commitment of expenditure

Article 61

1. The budget commitment is the operation reserving the appropriations necessary to cover subsequent payments to honour a legal commitment.
2. The legal commitment is the act whereby the authorising officer responsible enters into or establishes an obligation which results in a charge for the budget.
3. The budget commitment is individual when the beneficiary and the amount of expenditure are known.
4. The budget commitment is global when at least one of the elements necessary to identify the individual commitment is still not known.
5. The budget commitment is provisional when it is intended to cover routine administrative expenditure and either the amount or the final beneficiaries are not definitively known.

The provisional budget commitment shall be implemented either by the conclusion of one or more individual legal commitments giving rise to an entitlement to subsequent

payments or, in exceptional cases relating to expenditure on staff management, directly by payments.

Article 62

1. In respect of any measure which may give rise to expenditure chargeable to the budget, the authorising officer responsible must first make a budget commitment before entering into a legal obligation with third parties.
2. Global budget commitments shall cover the total cost of the corresponding individual legal commitments concluded up to 31 December of year N+1.

Individual legal commitments relating to individual or provisional budget commitments shall be concluded by 31 December of year N.

At the end of the periods referred to in the first and second subparagraphs, the unused balance of these budget commitments shall be decommitted by the authorising officer responsible.

3. The legal commitments entered into for actions extending over more than one financial year and the corresponding budget commitments shall, save in the case of staff expenditure, have a final date for implementation set in compliance with the principle of sound financial management.

Any parts of such commitments which have not been executed six months after the final date shall be decommitted in accordance with Article 11.

The amount of a budget commitment corresponding to a legal commitment for which no payment within the meaning of Article 67 has been made in a period of three years following the signing of the legal commitment shall be decommitted.

Article 63

When adopting a budget commitment, the authorising officer responsible shall ensure that:

- (a) the expenditure has been charged to the correct item in the budget;
- (b) the appropriations are available;
- (c) the expenditure conforms to the applicable provisions, in particular those of the ACER Regulation, the financial rules of ACER and all acts adopted pursuant to them;
- (d) the principle of sound financial management is complied with.

Section 2 – Validation of expenditure

Article 64

Validation of expenditure is the act whereby the authorising officer responsible:

- (a) verifies the existence of the creditor's entitlement;
- (b) verifies the conditions in which payment is due;
- (c) determines or verifies the reality and the amount of the claim.

Article 65

1. Validation of any expenditure shall be based on supporting documents attesting the creditor's entitlement, on the basis of a statement of services actually rendered, supplies actually delivered or work actually carried out, or on the basis of other documents justifying payment.
2. The validation decision shall be expressed by the signing of a 'passed for payment' voucher by the authorising officer responsible.
3. In a non-computerised system, 'passed for payment' shall take the form of a stamp incorporating the signature of the authorising officer responsible. In a computerised system, 'passed for payment' shall take the form of validation using the personal password of the authorising officer responsible.

Section 3 – Authorisation of expenditure

Article 66

1. Authorisation of expenditure is the act whereby the authorising officer responsible, by issuing a payment order, instructs the accounting officer to pay an item of expenditure which he/she has validated.

Where periodic payments are made with regard to services rendered, including rental service, or goods delivered, and subject to his risk analysis, the authorising officer may order the application of a direct debit system.

2. The payment order shall be dated and signed by the authorising officer responsible, then sent to the accounting officer. The supporting documents shall be kept by the authorising officer responsible in accordance with Article 38(6).
3. Where appropriate, the payment order sent to the accounting officer shall be accompanied by a document certifying that the goods have been entered in the inventories referred to in Article 90(1).

Section 4 – Payment of expenditure

Article 67

1. Payment shall be made on production of proof that the relevant action has been carried out in accordance with the provisions of the basic act within the meaning of Article 49 of the general Financial Regulation or the contract or grant agreement, and shall cover one of the following operations:
 - (a) payment of the entire amount due;
 - (b) payment of the amount due in any of the following ways:
 - (i) prefinancing, which may be divided into a number of payments;
 - (ii) one or more interim payments;
 - (iii) payment of the balance of the amounts due.

Prefinancing shall count in full or in part against the interim payment.

The entire prefinancing and interim payments shall count against the payment of balances.

2. A distinction shall be made in the accounts between the different types of payment referred to in paragraph 1 at the time they are made.

Article 68

Payment of expenditure shall be made by the accounting officer within the limits of funds available.

Section 5 – Time limits for expenditure operations

Article 69

The validation, authorisation and payment of expenditure must be carried out within the time limits specified in, and in accordance with the provisions of, the detailed rules for implementation of the general Financial Regulation.

CHAPTER 6 – IT systems

Article 70

Where revenue and expenditure operations are managed by means of computer systems, documents may be signed by a computerised or electronic procedure.

CHAPTER 7 – Internal auditor

Article 71

1. ACER shall have an internal auditing function which must be performed in compliance with the relevant international standards.
2. Without prejudice to Article 38(4), the European Commission's internal auditor shall exercise, the same powers with respect to ACER as with respect to European Commission departments.

Article 72

1. The internal auditor shall advise ACER on dealing with risks, by issuing independent opinions on the quality of management and control systems and by issuing recommendations for improving the conditions of implementation of operations and promoting sound financial management.

He/she shall be responsible:

- (a) for assessing the suitability and effectiveness of internal management systems and the performance of departments in implementing programmes and actions by reference to the risks associated with them; and

- (b) for assessing the efficiency and effectiveness of the internal control and audit systems applicable to every budget implementation operation.
2. The internal auditor shall perform his/her duties on all ACER's activities and departments. He/she shall enjoy full and unlimited access to all information required to perform his/her duties.
 3. The internal auditor shall report to the Administrative Board and the Director on his/her findings and recommendations. He/she shall ensure that action is taken on recommendations resulting from audits.
 4. The internal auditor shall submit to the ACER an annual internal audit report setting out, *inter alia*, the number and type of internal audits conducted, the recommendations made and the action taken on these recommendations. This annual report shall also mention any systemic problems detected by the specialised panel set up under the Article 66(4) of the general Financial Regulation.
 5. Each year ACER shall send to the authority responsible for discharge and to the Commission, a report drawn up by its Director summarising the number and type of internal audits conducted by the internal auditor, the recommendations made and the action taken on these recommendations.

Article 73

The responsibility of the internal auditor for action taken in the performance of his/her duties shall be determined in accordance with Article 87 of the general Financial Regulation.

TITLE V

PROCUREMENT

Article 74

1. As regards procurement, the relevant provisions of the general Financial Regulation and Regulation (EC, Euratom) No 2342/2002 shall apply subject to paragraph 4 to 7 of this Article.
2. ACER may be associated, at its request, as contracting authority, in the award of European Commission or interinstitutional contracts and with the award of contracts of other European bodies.
3. ACER shall participate in the common central database set up and operated by the European Commission pursuant to Article 95 of the general Financial Regulation.
4. ACER may conclude a contract, without having recourse to a public procurement procedure, with the European Commission, the interinstitutional offices and the Translation Centre for bodies of the European Union established by Council Regulation (EC) No 2965/94⁶ for the supply of goods, provision of services or performance of work that the latter provide.

⁶ OJ L 314, 7.12.1994, p. 1

5. ACER may use joint procurement procedures with contracting authorities of the host Member State to cover its administrative needs. In such case, Article 125c of Regulation (EC, Euratom) No 2342/2002 shall apply *mutatis mutandis*.
6. For the application of Article 101 of the general Financial Regulation, the call for tender shall provide that ACER may, before the contract is signed, either abandon the procurement or cancel the award procedure without the candidates or tenderers being entitled to claim any compensation.
7. For the application of Article 103 of the general Financial Regulation, calls for tender launched by ACER shall provide that it may suspend the procedure and may take whatever measures are necessary, including the cancellation of the procedure under the conditions laid down in that Article.

For the application of Article 103 of the general Financial Regulation, the contracts concluded by ACER with economic operators shall stipulate that it may take the measures specified in that Article under the conditions laid down therein.

TITLE VA

PROJECTS WITH SIGNIFICANT BUDGET IMPLICATIONS

Article 74a

The Administrative Board shall, as soon as possible, notify the budgetary authority of its intention to implement any project, which may have significant financial implications for the funding of its administrative budget, in particular any projects relating to property such as the rental or purchase of buildings. It shall inform the Commission thereof.

If either branch of the budgetary authority intends to issue an opinion, it shall within two weeks after receipt of the information on the project notify ACER of its intention to issue such an opinion. Failing a reply, ACER may proceed with the planned operation.
