

**Report to the Administrative Board
on my activities at the Florence School of Regulation during 2015**

My activities at the Florence School of Regulation (FSR) during 2015 can be classified in the following four categories:

- Devising, planning, organising and contributing to Regulatory Policy Workshops held at the FSR;
- Teaching at Training Courses organised by the FSR;
- Participating in other events organised by the FSR;
- Advising the Director of the FSR on issues related to the activities of the FSR.

In what follows, the list of activities in each category is presented, with an indication of the time devoted to each activity, separately for time spent during working hours and time spent outside working hours.

a) Devising, planning, organising and contributing to Regulatory Policy Workshops held at the FSR.

The following table lists the Workshop held at the FSR which I have devised, planned and organised in 2015. For each Workshop, the table also indicates my role in the programme.

Date	Title	Role in the Programme	Time spent (hours)		
			During office hours	Outside office hours	Total
30.01.15	The completion of the Internal Energy Market	Introduced the Workshop and chaired one session	8	16	24
18.05.15	A target model for electricity capacity remuneration schemes	Introduced the Workshop and chaired one session	8	16	24
19.10.15	Promoting flexibility in the European electricity system	Introduced the Workshop and chaired one session	8	16	24
04.12.15	Market Coupling for the Internal Gas Market	Introduced the Workshop and chaired one session	8	16	24
Total			32	64	96

b) Teaching at Training Courses organised by the FSR

The following table lists the Training Courses organised by the FSR in 2015 in which I have lectured. For each Course, the title of the module I have taught is indicated.

Date	Title of the Course	Title of the my module	Time spent (hours)		
			During office hours	Outside office hours	Total
22.06.15	Summer Course on Regulation of Energy Utilities	Theory and principles of regulation. Models of regulation	8	12	20
06.10.15	Residential and E-Learning Course on Regulation of Energy Utilities	Electricity markets. The wholesale electricity market	8	12	20
Total			16	24	40

c) Participating in other events organised by the FSR

The following table lists the other events organised by the FSR in 2015 to which I have contributed. For each event, the nature of my contribution is indicated.

Date	Title of the Event	Nature of my contribution	Time spent (hours)		
			During office hours	Outside office hours	Total
07.05.15	FSR – Vlerick Business School: Future Power Grid Managers Programme	Lectured on: Looking back and looking forward, the role of ACER in creating an Internal Energy Market	8	4	12
29.09.15	OUP Book Launch Event: Capacity Mechanisms in the EU Energy Market	Participated as a Panellist	2	2	4
Total			10	6	16

d) Advising the Director of the FSR on issues related to the activities of the FSR.

During 2015 I have provided advice to the Director of the FSR and met with him and his team on several occasions. I estimate that the total time devoted to this specific activity has totalled 40 hours during the year, of which 16 during working hours and 24 outside working hours.

The following table summarises the time devoted to my activities at the FSR during 2015.

	Activity	Time spent (hours)		
		During office hours	Outside office hours	Total
	Devising, planning, organising and contributing to Regulatory Policy Workshops held at the FSR	32	64	96
	Teaching at Training Courses organised by the FSR	16	24	40
	Participating in other events organised by the FSR	10	6	16
	Advising the Director of the FSR on issues related to the activities of the FSR	16	24	40
	Total	74	118	192

Finally, I hereby confirm that:

- for my activities at the Florence School of Regulation carried out outside working hours, I have not received any remuneration in excess of the limit specified in point 7) of Decision AB n° 18/2014 of 18 December 2014;
- no costs have been incurred by the Agency in connection with my activities at the Florence School of Regulation.

Alberto Pototschnig

Ljubljana, 7 December 2015
