1. WE ARE

The Agency for the Cooperation of Energy Regulators (hereinafter referred to as “the Agency”) is a European Union (“EU”) body, legally established by Regulation (EC) No 713/2009¹ and operational since 2011. Based in Ljubljana (Slovenia), the Agency is central to the liberalisation of the EU's electricity and natural gas markets.

The purpose of the Agency is to assist National Regulatory Authorities (“NRAs”) in exercising, at Union level, the regulatory tasks that they perform in the Member States and, where necessary, to coordinate their action.

In this respect, the Agency:

- a) Complements and coordinates the work of NRAs;
- b) Participates in the creation of European network rules;

¹ Regulation (EC) No 713/2009 of the European Parliament and of the Council of 13 July 2009 (OJ L 211, 14.8.2009, p. 1).

- c) Takes, under certain conditions, binding individual decisions on terms and conditions for access and operational security for cross border infrastructure;
- d) Gives advice on electricity and natural gas related issues to the European institutions;
- e) Monitors the internal markets in electricity and natural gas and reports on its findings;
- f) Monitors trading in wholesale energy products to detect and deter market abuse and ensure the integrity and transparency of EU wholesale energy markets.

The main areas on which the Agency's activities focus are:

- supporting European market integration: this is mainly done through the development of common network and market rules as well as through the coordination of regional initiatives which are concrete efforts from market participants to work towards greater integration,
- advising the EU Institutions on trans-European energy infrastructure issues: The Agency issues opinions on ten-year network development plans and to the draft lists of Projects of Common Interest, to ensure that these are in line with priorities set at EU level, and on a number of other documents of the European Networks of Transmission System Operators for electricity and for gas,
- energy market monitoring: The Agency has a general mission in terms of market monitoring at the EU level and has, since the end of 2011, a very specific responsibility when it comes to oversight of the wholesale energy trading.

The Agency currently employs more than 80 staff and has an approved annual budget of €13.3 million in 2017. The Agency's internal structure comprises five Departments (Electricity, Gas, Market Surveillance and Conduct, Market Integrity and Transparency and Administration) and the Director's Office.

The Agency is located in Ljubljana (Slovenia).

2. WE PROPOSE

The Agency is seeking to establish a reserve list for the position of Market Officer - Electricity. The Market Officer - Electricity will be assigned to the Electricity Department of the Agency and will report to the Team Leader - Framework Guidelines and Network Codes, also in the Electricity Department.

The duties of the Market Officer - Electricity will include the following:

- Contributing to the preparation of opinions and recommendations which the Agency issue pursuant to Regulations (EC) Nos. 713/2009 and 714/2009, as well as to Network Codes and Guidelines adopted pursuant to these regulations;
- Contributing to the preparation of the Agency's reports on the implementation of Network Codes and Guidelines, as referred to in Article 6(6) of Regulation (EC) No. 713/2009;

- Contributing to the Agency's activities regarding the implementation projects established pursuant to the Guidelines on Capacity Allocation and Congestion Management, on Forward Capacity Allocation and on Electricity Balancing;
- Coordinating and contributing to the tasks and activities of the Agency's working groups, task forces and expert groups, as well as external groups established for the implementation and operation of processes established pursuant to Network Codes and Guidelines;
- Coordinating the decision-making processes for the terms and conditions or methodologies to be approved by regulatory authorities pursuant to the adopted Network Codes and Guidelines, including contributing to the elaboration of decisions adopted by the Agency pursuant to Article 8(1) of Regulation No. 713/2009;
- Coordinating stakeholders and ENTSO-E with regard to the European stakeholder committees established pursuant to the Network Codes and Guidelines and with regard to the proposals for amendments to the Network Codes and Guidelines;
- Contributing to the elaboration of the Agency's policies and opinions related to electricity markets design and rules.

The Market Officer - Electricity may be required, at times, to assist in other areas of work of the Electricity Department or of the Agency, according to the needs and priorities, as defined by the Director of the Agency and the Head of the Electricity Department.
